

**NO RIDING IN THE CAR PARK AREA
BEFORE OR AFTER THE TRIAL
PENALTY - DISQUALIFICATION**

At the request of ALL our landowners, and in order to safeguard the future of our venues, dogs must be kept on a lead at all times - no exceptions will be made.

All our Trials are run to the ACU TSR 22A – Stop Permitted.

NOTICE TO ALL RIDERS: It was agreed that, following the ACU directive, we will be checking all riders' ACU Registration (licence) cards. If a rider cannot produce their card, and does not purchase a day licence (cost £3.00) when entering the event, they will not be allowed to ride the trial.

The start area at **ALL** our Trials is a **SILENT ZONE** until the event start time and after you have finished, so please do not start / ride your bikes until authorised to do so by the officials of the event.

Only the Clerk of the Course and assistants have permission to ride their bikes before the designated start time.

When you have completed the trial, please return to the car park immediately - no practicing or riding after the event. Only those volunteers that pick up the course markers or take up the section flags can ride after the trial has finished.

Pressure washers must not be used at any of our trials, as per ACU Standing Regulation TSR 40 of the ACU Handbook.

Please do not put our trials in jeopardy by ignoring these instructions.

Thank you for your co-operation.
Eboracum Motor Cycle Club Clerks of the Course.
